

Recognizing Our Mission & Core Values In Action

Our Four Seasons Produce TEAM

“Winning Culture”

**Growing Ideas
Producing Excellence**

“Four Seasons Produce hosted the quarterly meeting of dining services executives from the PA Consortium of Colleges (Messiah, Gettysburg, Haverford, Bryn Mawr, Dickinson, Swarthmore and Elizabethtown) on February 5, 2008. As the produce supplier to six of these schools, we were pleased to offer them a warehouse tour that lasted over an hour. The facility and product looked great, and the members were impressed by the quality and scope of FSPI's operations. They were given full use of The Garden conference room to hold their meeting, after which Chef Bill and Fran provided a delicious light lunch. One of the foodservice buyers told Jen Kapelus that there was something about the people here that she couldn't put her finger on, why they were so positive, why Ron Carkoski told the group "I hope you achieve your goals today." Jen responded, "It is our Core Values, we believe in them." The member said, "That must be it!"
