

Recognizing Our Mission & Core Values In Action

*Greg Goodling, Peggy Franck,
Dave Leid & Tina Leis*

“Dynamic Leadership”

**Growing Ideas
Producing Excellence**

“I would like to recognize the efforts of **Greg Goodling, Peggy Franck, Tina Leis,** and **David Leid.** Over the course of the last two years, the packing department has experienced very difficult challenges. Through these challenges, the management team has been able to reduce the unapplied labor account drastically while preserving morale and reducing quality complaints. In 2008, the unapplied labor was reduced by 43% from 2007. This year through April, unapplied labor has been reduced by another 62% from 2008. This achievement has been through their combined diligence in ensuring the correct labor gets applied to a job, as well as aligning the correct amount of resources with the work to be performed.”
