

Recognizing Our Mission & Core Values In Action

The Four Seasons' TEAM

"Exceptional Partnership"

**Growing Ideas
Producing Excellence**

A special thanks to each member of the Merchandising TEAM, as well as Dennis and Eric, Sunrise Transport and all others who jumped through hoops to help get the Yes Natural! opening right and off of the ground. We actually got a great compliment from Amra and Gary; they said they **"have never seen or been around ANY supplier that goes the distances we do to get a job done for a customer; exceptional work, crisp clean displays and all around effort, all while heckling each other and smiling while we do it."** They went on to say that the type of work we do out in stores has gone by the wayside and the camaraderie and TEAMwork we have as a group is rarely seen either. As a result, we got EVERY PIECE OF PRODUCE for the set up into them. Additionally, a representative from a competitor commented how sad it was that they couldn't do the job that we do for our customers... If that does not say EXCEPTIONAL PARTNERSHIPS, I do not know what does!
