NEW AT FOUR SEASONS

At Brooklyn Cured, we make artisanal charcuterie using sustainable meat and fine-dining technique. Our product line use pasture-raised meat with no antibiotics. Our diverse flavor profiles are inspired by the multitude of culinary traditions in our home borough of Brooklyn, New York.

✓ NO ANTIBIOTICS

✓ NO NITRATES

✓ PASTURE RAISED ON FAMILY FARMS

- The perfect charcuterie and cheese pairing. Grilling sausages and hot dogs at a backyard cookout. A sip of robust red wine with a bite of sliced salami.
- These experiences are the foundation of Brooklyn Cured.
- Brooklyn Cured is based on the cross-cultural traditions of curing and smoking meat to transform it into products that are delicious and meaningful.
- Food and travel are our inspiration. We love visiting Italian salumeria, Lower East Side delicatessens, French charcuterie shops, and German beer gardens. Our products bring the spirit of these places to home kitchens.

our mission

Our mission is to create a larger market for sustainably raised meat by making delicious charcuterie that people enjoy and share with friends and family. We source heritage meats raised by farmers that practice regenerative agriculture.

giving back

We support local and national food banks and hunger-relief organizations because we believe it is our responsibility to do so.

BRESAOLA Air Dried Beef

Our Bresaola is a classic Italian delicacy seasoned with herbs and spices. It's just like a prosciutto but it's made with beef instead of pork. It's ideal for snacking and salads or drizzled with olive oil and lemon.

SMOKED BEEF SALAMI New York City Deli Style

Our Beef Salami is inspired by the history and culture of New York City delis. It's naturally smoked and seasoned with our favorite deli spices. It's great for snacking on the run or eating with your favorite pickles.

CHORIZO Spanish-Style Salami

Our dry-cured chorizo is bold, flavorful, and fun. It's seasoned with smoked paprika, cayenne, and red wine. It be enjoyed in paella, as a pizza topping, or just paired with some Manchego and a nice Rioja.

HOT SOPPRESSATA Spicy Salami

Our Hot Soppressata is the essence of the Italian-American neighborhood where we grew up in Brooklyn. It's got heat and depth, as it's seasoned with chili flakes, black pepper and garlic.

SWEET SOPPRESSATA Classic Pork Salami

Our Sweet Soppressata is cured in the Italian tradition, but made with lots of American spirit! The flavor profile is simple and classic so it highlights the quality of our pork with salt and black pepper.

Breakfast Links

Our take on the classic American breakfast sausage blends pork with fresh sage and local maple syrup to create some sweet and savory links.

SPECIALTY ASIAN VEG

NAPA BABY

- Pale green, elongated leaves with white, thick ribs
- Mild, slightly sweet flavor and a crisp, crunchy texture
- Outer leaves often used in stir-fries, inner leaves used for making kimchi
- Can also be used in salads, soups, and stews

CHINESE CAULIFLOWER

- Lower water content than regular cauliflower, a tougher texture, and does not fall apart easily
- Great for use in stir fries
- Sometimes called Sprouted Cauliflower

BOK CHOY

- Dark green, spoon-shaped leaves and white, crunchy stems
- Baby Bok Choy is more tender and milder in flavor. Regular Bok Choy is a balance between mild mustardy notes and a slightly peppery taste
- Commonly used in stir-fries, soups, and salads

BOK CHOY SHANGHAI

- Spoon-shaped flat leaves and light green stems
- They tend to be sold in smaller sizes, as they're more tender

SPECIALTY ASIAN VEG

A CHOY SUM PURPLE CELTUCE

- Crisp, moist, and mildly flavored
- Typically prepared by slicing and then stir frying with more strongly flavored ingredients
- Often used as a gluten-free pasta substitute

BOK CHOY SHANGHAI MIEU

- Mini Box Choy with light green to slightly yellow-green leaves
- Light, sweet with a crunchy texture
- Used in soups and stir fries

BOK CHOY MIEU

- Shorter, fat white stems and curly dark green leaves
- White stalk is full of water and has a crunchy yet juicy texture
- Used for braising and stuffing
- Mild, cabbage-like flavor

SNOW PEA TIPS

- Texture is similar to spinach, but with a very refreshing, sweet flavor (without that iron-y residue that spinach has)
- Pea tips are the tender leaves of a pea plant and they are one of the best stir fry vegetables

NOURISH
COLD PRESSED JUICE

OUR STORY

Nourish Cold Pressed Juice is pressed straight from our Farmhouse Kitchen in Kennett Square, PA. We are local and within 100 miles of New York. We create handcrafted immune-boosting beverages that inspire the community to care about the source of their food, the health of their body, and their connection to the health of our planet.

Nourish is a lifestyle. When you drink our functional beverages you have the power to support your immune system, reduce inflammation, increase antioxidants, hydrate your skin, improve gut health, detox, and balance hormones & brain chemistry to improve your mental health.

Being a B Corp means caring about people and the planet, being inclusive, equal, and diverse. Putting social & environmental responsibility at the heart of our decision-making, we lead by example. Together, we are a force for good!

Our juice gives back 1% of our annual sales towards protecting our planet for future generations. When you purchase our juice, you become a part of a collective global community taking action.

WHY JUICE?

Fruits, vegetables and their juices are packed with vitamins and minerals and a whole host of other essential nutrients needed for optimum health, nourishing every cell and helping to cleanse toxins from the body. Juicing floods the body with micro-nutrients that are easily digestible, so your body will get more of what it needs with less food.

Drinking fresh fruit and vegetable juices every day will:

- Boost the immune system.
- Hydrate the body and improve your complexion.
- Help prevent and manage chronic diseases.
- Increase your energy.
- Improve brain health and prevent Alzheimer's disease.
- Lead to weight loss.
- Boost absorption of nutrients from vegetables and fruits.
