OG GREEN BEANS

OG GRAPES

Import **Organic Red Grapes** are in steady supply though at high pricing. This will be the main organic option available for March.

ALERT! Import **Organic Green Grapes** are winding down during March and will have supply gap between remaining Peruvian container arrivals. Expect occasional out-of-stocks.

OG AVOCADOS

Organic Hass Avocado supplies remain steady, but looming tariff threats and border delays could significantly impact availability. Some growers are opting not to send fruit due to the uncertainty, which may lead to sudden shifts in supply.

NOTE: Equal Exchange Fair Trade **Organic Hass Avocados** will remain limited for the 2025 Mexican season. A small supply of 48ct and 60ct Organic Fair Trade fruit will be available, along with an 8/4ct ReadyCycle Tray option.

OG PEARS

WATER FOR ALL

Where Produce Meets Purpose

Water For All!

WITH EVERY BOX OF SPECIALTY LABELED PRODUCE, A PERCENT OF PROCEEDS IS DONATED TO BLUE MISSIONS TO FUND CLEAN WATER AND SANITATION PROJECTS IN LATIN AMERICA.

There are 780 million people globally that lack access to clean water. Daily life for these people includes walking miles to collect water for their families, risking water-borne diseases, and missing school or work. BLUE Missions takes our donations and uses 100% of it to fund the material costs of constructing gravity-driven aqueducts in rural communities, and connects every home with a faucet. When you buy any product from Continental Fresh, you support this work, and make the world a better place.

WHY WATER?

Water is the basic foundation of a community and without it, families struggle to meet their most basic needs. Many walk hours to collect it and often times the water they find is not safe to drink. By funding water projects in rural communities, we are taking a huge step in breaking the poverty trap while bringing empowerment, health, and opportunity to locals.
